MUFFIN DAYS ARE HERE

Muffins are a year-round delicacy
but they appear far more often when
winter days are with us. The heat of
the baking oven is a good thing.
Here is a muffin variation that will
be popular at breakfast, luncheon or
supper. Featuring the flavor of bana-
nas, plus whole-grain values, these
muffins are delicious served hot.

Banana Bran Muffins

1/2 cup sifted flour
2 1/2 teaspoons double-acting baking
powder
1/4 teaspoon salt
1/4 teaspoon soda
2 tablespoons sugar
1/3 cup milk
1/2 cup mashed ripe bananas (about
2 large bananas)
1 egg, well beaten
3 tablespoons melted shortening
1 1/2 cups 40% bran flakes
Sift flour once, measure, add bak-
ing powder, salt, soda and sugar, and
sift again. Combine milk, bananas, and
egg. Add to flour mixture, add
shortening then mix only enough to
dampen flour. Fold in flakes. Fill
greased muffin pans 2/3 full. Bake in
hot oven (425°F.) 15 to 20 minutes.
Makes 8 large muffins.

FESTIVE DISHES FOR

FROSTY DAYS

One recipe calls for our Fall favorite,
the apple, teamed up with cereal
and sausages. The other features
these juicy sweet onions—perhaps
from your Victory garden—stuffed
with crunchy malted Grape-Nuts.
Both are surprise dishes, unusual,
healthful, economical dishes—real
festive dishes.

Sausage and Apple Patties

2 medium apples, pared and cored
2 teaspoons lemon juice (about)
Dash of salt
1 pound sausage meat
2 tablespoons finely chopped onion
1 cup crushed raisin bran
Cut apples into six 1/4-inch slices.
Season with lemon juice and salt.
Combine sausage, meat, onion, and
bran and shape mixture into 12 small
balls. Place balls between two sheets
of waxed paper and flatten into pat-
ties, 1/4-inch thick. Put together as
pairs with an apple slice between
patties. Press edges of patties to-
gether to seal in apple slice. Arrange
in shallow baking dish. Bake, un-
covered, in slow oven (325°F.) 40 minutes
or until apples are tender. Baste oc-
casionaly with drippings. Makes 6
servings.

Grape-Nuts Stuffed Onions

6 large onions
1/2 cup (1/4 pound) sausage meat
1/2 cup Grape-Nuts
1/4 teaspoon salt
1/4 teaspoon pepper
1 tablespoon melted fat
1 tablespoon ketchup
Peel onions; cook 15 minutes in
large amount of boiling salted water.
Drain, cool, and remove centers from
stem end, making little cups. Chop
centers and combine with sausage,
Grape-Nuts, salt, pepper, fat, and
ketchup. Fill onions with mixture
and place in greased baking dish.
Bake in moderate oven (375°F.) 45
minutes, or until onions are tender.
Makes 6 servings.

NOTE: If desired, place 1/3 slice
of bacon on top of each onion before
baking.

FOR CAKE LOVERS!

Try this recipe and prove it for
yourself. But in your enthusiasm
don't try to adapt one of your old
recipes to this "Mix-Easy" method—
and be sure to use a cake flour which
has been used for years in the pro-
duction of A-1 cakes.

PRODUCE SUFFICIENT UNDERWEAR FOR NEEDS

"Extraordinary demand for under-
wear despite increase in manufactur-
ing output" was cited as the reason
for shortages of children's under-
wear and nightwear, by Prices
Board Chairman, Donald Gordon re-
cently.

"Children's underwear is in short
supply in relation to demand partly
due to insatiable buying of available
stocks on hand and reconversion of
industry on the other hand."

Actual hardship cases are dealt
with through local offices of the
Board, Mr. Gordon pointed out. He
said, "While our position is not exact-
ly comfortable, we have at least the
satisfaction of knowing that we are
probably better off than any country
in the world." Mr. Gordon pointed
out that the manufacture of luxury
articles does not interfere with the
supply of utility garments which
cannot be manufactured with flat
fabrics.

Edwin Nordstrom Wed In East

Wesley United Church was the setting for a very impressive all-white wedding at 3 o'clock Tuesday afternoon, December 4th, when Patricia Ruth, only daughter of Mr. and Mrs. Oliver L. Vardy, was joined in marriage to Mr. Edwin Nordstrom of Wainwright, Alberta. The Rev. W. B. Perry, Pastor of the church, officiated at the ceremony.

The bride, who looked petite and charming, entered the church with her father, and wore a gown of traditional white satin with sweetheart neckline and having sleeves finishing in deep points over the wrists with a beauteous bodice and full skirt. Her embroidered veil was held in place by a coronet of orange blossoms and reached to the hem of her gown. She carried a bouquet of pink chrysanthemums and midspring fern and wore a Pastoral locket, a family heirloom.

The bride's attendants, Miss Olga Winsor and Miss Marguerite Davis, wore identical gowns with white brocade satin bodices and high necklines, bishop sleeves and daphnoid skirts of white net over tulle, with coronet headpieces of white flowers and carried matching bouquets trimmed with fern.

The bride's mother wore a black ensemble trimmed with multi-colored sequins, a fox fur, ostrich-feather hat and a corsage of chrysanthemums. The altar was decorated with seasonal flowers and organ music was rendered by Mr. Robert McLeod. During the signing of the register, Mrs. Harvey Small thrilled the gathering with a beautiful rendition of "I'll Walk Beside You."

The best man was Mr. Oliver Vardy, Jr., brother of the bride, and the ushers were Messrs. Bruce Neal and Douglas Furneaux.

Following the church ceremony a reception was held at the Old Colony Club where the bride and groom stood in line to receive the 120 guests as they passed through to the auditorium. The bride's table was tastefully decorated, the central motif being the wedding cake offset by tall tapers in silver candelabras.

The toast to the bride and groom was proposed by Rev. Mr. Perry and responded to by the groom, who also proposed the toast to the bridesmaids. This was responded to by the best man and was followed by a toast to the parents of the bride and groom proposed by Miss Worshipful Mayor A. G. Carnell, C.B.E. The response to this toast was made by Councillor Vardy, the bride's father, who read messages of congratulations and best wishes from the groom's parents and the bride's paternal and maternal grandparents.

Following the completion of the toasts, a buffet supper was served, the wedding cake was cut and the guests indulged in dancing. In leaving the reception, the bride in traditional manner tossed her bouquet which was caught by Miss Florence Nightingale.

The bride's going away costume consisted of an autumn brown ensemble trimmed with astrachan and matching toque and accessories and a corsage. The bride and groom left for the parents of the bride and groom where they will spend Christmas and the New Year as guests of the groom's parents.

WAINWRIGHT, WEDNESDAY JANUARY 2nd, 1946

THE YEAR THAT IS NEW

(a message to our readers)

Dear Reader

As we look out into the future we see an intangible something looming toward us. That something is the year 1946, a strange new year that will bring 365 days of renewed life, faith and hope.

Standing on the threshold of this new year, one cannot help but think back these past 12 months, and try to analyse them and break them down into smaller periods of time, into events that took place, to acquire their proper perspective.

In the year 1945 many events have taken place, which will make the student of 1960 think that we had a tough, but fortunate year. The successful conclusion of a 6 year war, was one of the most important features, along with the dawn of a new era, called the atomic age.

Not to be forgotten, is the trouble that loomed large on the labor front, in which there were strikes, walkouts, and other facts that tended to make a troublesome year, of 1945.

It is sometimes pure fun, to look back into time and make remarks about this or that, but as a well known saying goes, Time Marches On, and in that vein we must live for the happenings of a new year, which will bring untold surprises to some people, deep sadness, to others, and great joy to still others.

The year 1946 will be the opportunity that many of us have hoped and prayed for. It will be the year in which we will test the theory, that men can live together in a peaceful world; and let us hope that the fact that men must kill and maim one another to survive will be a horrible memory.

Surely, with the terrible experience that we have all been thru during the past six years, as an example, man by now has learned the lesson that wars settle nothing, but prolong the issue and make matters worse.

One thing that we should bear in mind during the next 12 months, is the fact, and simple saying, Work for what is right, not who is right. If we can all make this our New Year's pledge, there will not be many things wrong with the old world after all.

As to the forgoing, it would seem proper at this time to bring the name of Wainwright into the story.

Many a person will hear bits of conversation, to the effect that Wainwright should not do this or that or it should do something else. Is that the proper attitude, when it is a matter of what is right, not who is right? With the citizens and town officials working hard, it should be a bang-up year for the people of our town and countryside.

Two big things are slated for this year in Wainwright. One is the proposed water and sewage system, and the other is the Peace Memorial Centre. Either of which will be a living tribute to the men and women who endured the hardships of war during our great struggle.

Both these projects deserve the wholehearted support of every person in our town and district, but that of course would be too much to expect. No doubt, you already know of at least one person that is "out to lunch it", as the saying goes, and so the year will have its blemishes just as the years before have had. Again, is that the attitude, in what is right not who is right? Our meaning we hope is clear.

Also the year 1946, will see most of our boys and girls home from the war, with perplexing problems on their minds.

It will be our duty, as well as our privilege to make this district a wanted place in the hopes and hearts of our returning personnel. True, some of our service members are back with us already, some are staying with us, some have moved from our locality to seek their fortune elsewhere. To all members of the forces, the Wainwright Star extends good wishes, and good luck in whatever venture that you are to follow.

In closing we would also like to thank our many patrons and friends for their loyal support during the past months. To the advertisers, that have made it financially possible to produce the paper; the correspondents that have created interest to our country readers, the story writers that have given us their support by recording the events of their lodges, meetings, gatherings, etc. and last, but by no means least our readers who have made us feel that all our efforts have not been in vain, we would like to wish you all.

A VERY HAPPY NEW YEAR

HAVE YOUR WHEAT CROP TESTED

During the past fifteen years thousands of farmers have increased their incomes by taking advantage of the services offered by the "Crop Testing Plan". The testing done determines whether crops are true-to-type, or whether instead they consist of bad mixtures which indicate that farmers are needlessly losing money on yield, quality and grade. The "Crop Testing Plan" service is open free to all farmers operating in the Prairie Provinces. Any farmer, therefore, who desires to have his wheat crop tested for true-to-type variety need only send a small handful of wheat representative of the seed he intends to use this coming Spring. The "Crop Testing Plan" will grow this sample, have it analyzed, and in due course next Fall will send a report to the farmer, inside the envelope containing the sample should be a note giving the farmer's name and address, and the name of the variety of the wheat sample which is enclosed. Send samples to "Crop Testing Plan", Room 341, Grain Exchange Building, Winnipeg, or hand to any Elevator Agent of the Companies sponsoring the Plan—the Searle or Home Grain Company, or the Midland and Pacific Grain Corporation.

ITEMS OF INTEREST IN

THE WORLD OF FOODSTUFFS

Canadian farm income during the first six months of 1945 was 62 million dollars less than in the same period in 1944. The first official estimate of the Argentine wheat crop is 165,734,000 bushels, compared with previous trade estimates of from 175 to 200 million bushels.

Broomhall reports that the long drought in Spain has been broken with abundant rainfall in all parts of the country; further, wheat sowings will be made. Condition of the U.S.A. winter wheat crop is generally fair to good—Imports of rice into India, which have been at a standstill since 1942, will be resumed before the end of the year.

PASTEURIZATION CAMPAIGN NEEDS CITIZEN'S HELP

If concrete results are to be expected in the current nation-wide campaign for compulsory pasteurization of milk, the average citizen must do something about it. Dr. Gordon Bates says in an editorial in the current issue of HEALTH, official magazine of the Health League of Canada of which organization Dr. Bates is the General Director.

The editorial urges all Canadian citizens in the eight provinces where pasteurization is not compulsory (all except Ontario) to write to the Health League for literature on the subject and for a copy of a resolution which can be submitted for approval of any voluntary organizations to which they belong.

Dr. Bates emphasizes that if a sufficient number of citizens banded in voluntary associations get behind the movement, members of provincial legislatures will know that their constituents really want some action.

"Act today," the doctor admonishes. "Don't wait. Don't let it be on your conscience that you had a chance to save human life and did nothing."

Stating that the physicians of Canada desire Dominion-wide compulsory pasteurization legislation, but that there are only about 10,000 doctors in a population of 11,000,000, the editorial emphasizes it is up to the average citizen to say to the legislators they have acted that such legislation is desirable.

CONTINUATION OF

BY-LAWS FOR WATER & SEWERAGE PROJECT ORDERED PREPARED

continued from page 1

posed Water & Sewerage System for
the Town of Wainwright has arrived
back from the Engineers, and from
our checking, they appear to have
taken care of all changes and exten-
sions suggested by Council.

These extensions have increased
the cost about 5%, but the extra prop-
erty served seems to have as good
a chance to liquidate its cost without
putting any additional cost on the
original plans. We therefore feel satis-
fied with the revised plans insofar
as installed capacity is concerned.

The proposed cost is estimated
from 1945 prices of labour and mat-
erial which has not at the present
time adjusted itself to peacetime
conditions. However, by the time we
are ready for bids, the cost of con-
struction should have come down con-
siderably.

The plan for financing is proposed
by 4% thirty year bonds which is the
usual way made use of to finance
this type of construction and may be
the best system to adopt for the pur-
pose of getting the project under-
way. We are of the opinion that there
are some possibilities for economy
and convenience of handling that
should be investigated.

We take pleasure at this time to
present the final Report of our
Engineers, Messrs Hadden & Miles
Ltd., of Calgary and would recom-
mend that Council proceed with a
discussion for the purpose of fixing
rates for water and sewerage serv-
ices to be furnished residents of this
Town under the proposed project.
Respectfully submitted,

EARL L. CORK

Chairman.
Due consideration was given at
this time to the fixing of rates for
both utilities under the proposed
project and a schedule of charges for
same was unanimously agreed upon.

On motion of Councillor Cork, that
the Waterworks and Sewerage Re-
port, Estimates and Plans of the
Town of Wainwright, as prepared by
Hadden & Miles Ltd., Consulting En-
gineers of Calgary, Alberta, be ap-
proved by Council and that the Fire,
Light and Utility Committee be in-
structed to have By-Laws prepared
in conformity with this Report and
embodying a schedule of rates as
agreed upon at this regular meeting.

On motion of Councillor Cork, that
the Mayor be authorized to declare
Wednesday, December 26th, 1945
Boxing Day, a Civic Holiday.

On motion Council was regularly
adjourned.

IN MEMORIAM

In loving memory of our dear
father James Hartman Mills who passed
away January 2nd, 1944.

Time speeds along, two years have
passed
Since death its gloom, its shadow
cast
Within our home where all seemed
bright
And took from us a shining light
We miss the light and ever will
His vacant place there is none to fill
Down here we mourn, but not in vain
For up in Heaven we will meet again.
